

Rated power: **1000 - 2500VA**
 Rated voltage PRI: **230V 50/60Hz**
 Rated voltage SEC: **24 - 230V**

Encased transformers of general purpose, stationary, for building into installations and industrial or power engineering devices. The transformers are made with Class I insulation and protection rating of IP23, maximum ambient temperature 25°C, thermal class of insulation: B (130°C). Manufactured in compliance with EN61558-2-4, EN61558-2-6.

Type	Power	Dimensions [mm]						Weight [kg]
	[VA]	A	B	C	D	E	F
